

CAMIL

About the company

Superfinish has 21 years of experience in cosmetics and perfumery

Superfinish was founded in 1993 in Plovdiv, Bulgaria. It has been producing shampoos, conditioners, hair masks, shower gels, emulsions and gels since its foundation. Our attention has always been focused on improving our products, optimising all processes and establishing close ties with local manufacturers to ensure our competitive advantage on the market in terms of production price and shortest possible time of bringing a newly developed product to the market.

The key priority of Super Finish is the production of high quality products of both own labels(Camil, Aro, Magi) and for contracting partners. We offer complex services starting from development of new products, their certification, purchase of raw materials and packing materials, to actual production and delivery to the customer.

Manol Manolov
Co-Founder of Superfinish

Product Development

For the 21 years we are in the manufacturing business we have constantly put emphasis on improving our processes and creating **better and cheaper products** faster. Our long experience in working with our suppliers and deep relations with them has given us the advantage to be able to become very competitive in the market in terms of the affordable price of our offerings and the efficiency of our processes. Thus, we can take pride in the fact that we can take a product from the discussion room and bring it to the market in as **little as 2 months**.

More information on Product Development available at www.superfinish2000.com

Trusted Suppliers

For many years we have worked with some of the leading suppliers of high-quality chemicals in Europe. We rely on them because they have tradition in supply world-renowned brands, have all the required quality certification and most importantly are leading their industry in terms of innovation. These companies have offered us a competitive advantage in terms of quality of our products. Working with trusted suppliers ensures that our offerings are adequate with the latest industry trends.

The Chemical Company

ASHLAND

Certification

Super Finish 2000 is holder of Good Manufacturing Practices (GMP) Certificate issued by the **Bulgarian National Association of Perfumery, Cosmetics and Essential Oils**. The document certifies that all the cosmetic products manufactured by Super Finish follow the guidelines of GMP.

Bulgarian National Association
Perfumery & Cosmetic
Essential Oils

Quality Assurance

Our **8 Step Quality Assurance system** ensures the consistent delivery of quality products that meet all European standards. From sourcing raw material and packaging from our trusted suppliers to bringing you the finished product, we adopt strict control to ensure the quality and reliability of our offerings.

Conformity Assessment

Our clients are welcomed to hire independent conformity assessment authorities such as **SGS** and **Bureau Veritas** to determine, directly or indirectly, that our processes and products meet all relevant technical standards and fulfill their requirements. Our experience with working with such independent bodies will guarantee that the service will not add any additional time to your order.

The logo for SGS, consisting of the letters 'SGS' in a bold, sans-serif font. A vertical orange line is positioned to the right of the letters, and a horizontal orange line is positioned below the letters, intersecting at the bottom right corner of the 'S'.

Trade Shows and Exhibs.

We value innovation. Furthermore, we have always recognised the importance of networking in the process of creating long-term connections with client, suppliers and potential business partners. Thus we see the chance to participate in major industry events as valuable investment in our **competitive advantage**. For the last years we participated as exhibitors in the following Trade Shows and Exhibitions:

Beauty Eurasia – Istanbul | May 2014

CosmoProf – Bologna | April 2014 & March 2012

BeautyWorld Middle East – Dubai | June 2010
